

Case Manager/Social Worker

Part time- 30 hours a week

Pay: \$22-\$35/hr

Location: Temporary Remote

**Our vision:**

Youth Seen envisions a society where young people are empowered as individuals to access non-judgmental and unbiased treatment in every aspect of their lives. We encourage the creative creation of a community that celebrates everyone's worth, diverse characteristics and dignity.

Our organization works with our communities and stands as a leader in our local Colorado area, and beyond, for establishing partnerships with groups who specifically tailor their resources, education and outreach to our youth and young QTBIPOC/LGBTQI community. Youth Seen strives to highlight the intersections that many communities of color face when addressing social issues that impact families that identify under the umbrella of LGBTQI. This also includes our community members identifying as gender non-conforming, non-binary, genderfluid, genderqueer and two spirit, which is often left out of the mainstream language around services.

**What we are looking for:**

A case manager or social worker with experience navigating systems, prioritizing antiracism

- Master of Social Work, Counseling or Psychology
- 1-2 years experience in case management, local resource mapping, and practical knowledge of the social and economic aspects of clinical care.
- A team player that values collaboration, community, and strong work relationships
- Proven experience of medical advocacy around trans related experiences

Primary Purpose:

Work collaboratively with the team to connect with clients and their systems, to reduce barriers, navigate access to resources, and provide meaningful connection to our community.

Be self motivated change maker within your position at Youth Seen, bringing in your ideas to increase access, decrease stigma, and support our community members.

**Job Duties:**

- Establish and maintain effective working relationships with appropriate community resources
- Proven experience in QTBIPOC communities to support the challenges often faced when navigating systems
- Utilize social service, supportive counseling, and clinical knowledge in the assessment of patient needs.
- Make appropriate referrals to and act as liaison with community agencies, service providers and holistic support systems
- Engage consumers and appropriate family members/social supports in strengths-based treatment to stabilize and/or reduce crisis situations

- Assessment of benefits, insurance, and other payer status and provision of assistance to access benefits programs
- Medical advocacy: Coordination of and referral to needed medical treatments, specifically queer and trans or specialty care and follow-up to these
- Inform clients/patients of the services available through Youth Seen in the community and link clients/patients to services as appropriate. At times this may include providing or assisting with access to support services
- Attending appointments, meetings, services with clients, on a case by case basis.
- Utilizing many forms of communication to access clients to provide care
