Pay: \$22-\$50/hr

Location: Temporary remote

**Our vision:**

Youth Seen envisions a society where young people are empowered as individuals to access non-judgmental and unbiased treatment in every aspect of their lives. We encourage the creative creation of a community that celebrates everyone's worth, diverse characteristics and dignity.

Our organization works with our communities and stands as a leader in our local Colorado area, and beyond, for establishing partnerships with groups who specifically tailor their resources, education and outreach to our youth and young QTBIPOC/LGBTQI community. Youth Seen strives to highlight the intersections that many communities of color face when addressing social issues that impact families that identify under the umbrella of LGBTQI. This also includes our community members identifying as gender non-conforming, non-binary, genderfluid, genderqueer and two spirit, which is often left out of the mainstream language around services.

Under direct supervision, the therapist will provide clinical and support services to individuals and/or their support systems utilizing evidence based best practice models. May operate in a residential environment, community based, office based, or in an outreach environment, detention facility, schools, and/or outpatient clinic.
